Have you, or someone you know; who suffers with chronic pain, had their pain management negatively impacted by recent changes in Alberta?

How have you been affected by any of these....

Have you lost your doctor? Are you in jeopardy of losing your medications? Do you feel like you have been abandoned by the healthcare system? Are you fearful of what the future looks like for individuals suffering with pain conditions?

It's time for patients to take a stand, express their concerns, and work together to find ways to make a difference for the future of pain management in Alberta.

***Our Voices Need To Be Heard
We Deserve To Be Heard***

Your Voice Matters!!
